### About Our School

Located on a peninsula eight miles north of Olympia, Boston Harbor Elementary School draws its student population from a rural community bordered by the waters of Puget Sound and Henderson Inlet.

The first school building in the Boston Harbor area, originally a summer destination for local residents and vacationers, was built in 1938 as a Work Progress Administration Project during the presidency of Franklin Delano Roosevelt. The current school facility, constructed in 1991, houses students in kindergarten through fifth grade.

The Boston Harbor school community takes pride in its traditions for high parental involvement, an experienced and caring instructional staff and commitment to student achievement. Our instructional efforts are focused on developing a school-wide writing plan and supporting students who may be struggling in the core academic areas of reading, mathematics, writing and science.

# Washington Comprehensive Assessment Program

Students in grades 3-5 are required to take an annual state assessment. The scores represent the percent of students meeting standard on the Smarter Balanced Assessment (SBA) or Measurement of Student Progress (MSP)/Science.
