

# SCHOOL IMPROVEMENTS BOND

## The proposed bond addresses:

- Continued enrollment growth
- Smaller class sizes
- School safety and security
- Aging buildings

## School bond projects include:

- Create more classroom space by constructing two-story “mini-buildings” at McLane, Roosevelt, Centennial, Pioneer and Hansen elementary schools.
- Build a 22-classroom two-story building, including four science labs to address increased state graduation requirements for lab science credits, at Olympia High School. Build a new Capital High School theater to accommodate 500 seats and update the building’s windows, roofing and siding.
- Remodel and expand enrollment at Avanti High School. Purchase, update and move district administration to the Olympian building.
- Replace the roof at Marshall Middle School.
- Complete security camera installations in elementary schools districtwide.
- Renovate aging Centennial, McLane and Roosevelt elementary schools.
- Invest in electronic key systems to limit access to schools and initiate a lockdown.
- Improve some school lighting, and heating, ventilation and air-conditioning systems.
- Improve the safety and playability of play fields for school and community use: Add a synthetic turf field at Capital High; add a synthetic turf field along Henderson Avenue; and make renovations at eight other fields and one playground.

***The average homeowner of a \$250,000 house will pay an estimated \$58 more per year, or about \$5 more per month, for the bond and levy. Exemptions are available for senior citizens and people with disabilities.***

***Total proposed school bond: \$160.7 million***
