

Attention 5th Grade Parents:

RE: State Department of Health Vaccination Requirements

All students entering 6th grade are required to show proof of one Varicella vaccine given on or after their 1st birthday or have written documentation from a parent/guardian reporting the date the child had Chicken Pox.

As of July 1, 2008, proof of Tdap (Tetanus, Diphtheria, Acellular Pertussis) vaccination is required of all children 11 years old AND attending 6th grade, if it has been five years since receiving a DTap, DT or Td vaccine.

If you have any questions please contact the school nurse at your child's school or the Thurston County Health Department.
