
PROCUREMENT CARDS

DEFINITIONS

- 1) **Procurement Card**
A procurement card is used for District purchases and travel. The two most common types of cards are:
 - a) **Purchase Cards** – used for supplies and materials for District use only.

 - ii) For possession by individuals for higher volume of purchases.
 - b) **Travel Card** – used for authorized District travel expenditures only.
 - i) Held for checkout at schools or departments and the Business Office.
- 2) **Memo of Understanding**
All staff who are cardholders or will use, reconcile, sign our, or keep cards, are required to sign a memo of understanding. The signer agrees to abide by OSD policies and procedures and is protected from penalties for violations incurred by unauthorized use. Signer authorizes District to withhold from payroll the value of any purchase contrary to policy.
- 3) **Card Custodian**
A card custodian is the staff member who is issued the card. This may be a department head or principal for checkout cards, or the individual named on the face of the card. The card custodian is responsible for authorizing uses of the card (see checking out a card).
- 4) **Card Supervisor**
The supervisor of the card authorizes and approves all purchases by employees for cards under his/her responsibility. Approval may take place online or using the Purchase Card Transaction Summary attached to the receipts.
- 5) **Paymentnet™**
Paymentnet™ is the name of the online approval and reconciliation option for card supervisors and custodians.

- 3) You need to send your information on a secure server. You can easily ensure that you are in secure mode: most browsers provide an indicator (usually a gold padlock or a key) in the status bar. Additionally, the address ('url') of the site will change from 'http//' to 'https//' – the 's' indicating that the connection is secure.
- 4) Make sure that you always have the opportunity to exert control over your data (storage for future purchases, access and modification of your data, etc.). The site should provide boxes to tick in or off.
- 5) If you do notice an unauthorized charge, immediately notify the business office at ext. 6120.

DIRECT PURCHASES

- 2) Reconciliation must be completed by the card user and submitted by the due date.
 - a) The **Transaction Summary** must be complete with account codes (see Assigning Account Codes below) and signatures.

ASSIGNING ACCOUNT CODES

The default account code for each card will be used unless a change is made during online reconciliation or on the **Transaction Summary**.

Paymentnet™

- 5) Request proof of delivery, if merchandise not received.
- 6) Reporting to card company must take place within 60 days of purchase.

CONTACT BY CARD COMPANY

JPMorganChase guards against fraud by analyzing the purchases for consistency of purchasing patterns. If this pattern changes, someone from the card company may contact the card custodian. Should you receive a call, be ready to confirm or deny any charges in question.

Use the following guidelines:

- 1) To verify the identity of the representative calling, ask for a call back number that routes through their main switchboard and call back.
- 2) Do not give the card number to the caller; confirm the number provided by the representative.
- 3) When asked to verify purchases, a vendor name may not yet be available; therefore, the dollar amount will be verified.
- 4) Cooperation is crucial to the value of this procedure.
- 5) Contact the Business Office immediately following an interview.
- 6) In the event of a fraudulent charge, the card company will send the card custodian an affidavit.
- 7) Forward a copy of the completed affidavit to the Business Office.
- 8) The Business Office will issue a replacement card, if necessary.
