Olympia School District Seeks Volunteer for Strategic Planning Committee

Every five years, the Olympia School District carries out a long-term strategic planning process. This process is designed to be a blueprint for the future direction for our schools. In 2007, the Olympia School District will be carrying out the next phase of its strategic planning with the ultimate goal of crafting a plan that will guide the District from 2007-2012.

A key part of the process is to pull together a committee of interested members from throughout the community to assist with the strategic planning, gather public input and help provide direction on the future of our schools.

That is why the Olympia School Board has requested that we reach out to the public to seek a volunteer to serve on the Strategic Planning Committee. The exact details of the committee’s work schedule are still being finalized, but it appears likely there will be several meetings throughout 2007 to meet with different groups and individuals to assess the needs of the Olympia School District.

If you are interested in serving on the Strategic Planning Committee, please submit a letter of interest no later than Monday, January 22nd. The letter of interest should include a brief statement of your background and a description of why you are interested in serving on this committee.

We will evaluate all of the nominations and make a selection based on the following criteria: community involvement, experience in problem-solving, understanding of education and ability to work successfully in a group setting.

People can submit their letters of interest to:
  Peter Rex  
  Director of Communications and Community Relations  
  1113 Legion Way SE  
  Olympia, WA 98501  
  prex@osd.wednet.edu

Thank you in advance for helping the Olympia School District carry out this important process.
