Mission Statement:

Options is a Community Committed to Learning, Kindness and Celebration

About Our School:

The Options Program at Lincoln School offers an alternative approach to elementary education that is a choice for students in the Lincoln Service Area and from the Olympia School District. The program provides a unified model for grades K-5 that respects how children learn and views learning as a collaborative effort of staff, students and parents. Attributes of the Options Program include:

- Social-emotional growth and academic growth are equally valued
- Children stay with the same teacher in multi-age classrooms for two years or more to support their learning and strengthen family-school relationship
- Learning is integrated through concept development
- Multiple intelligences, cooperation, social justice and sustainability are taught and practiced
- Parents are vital to sustaining the Options program and are involved in governance, as partners supporting learning in the classroom, enrichment activities, field trips, fund raising, and social events

Our School Improvement Plan:

Eight initiatives outline specific work goals, strategies and timelines for our shared work. Integrating Spanish, an ongoing initiative, receives parent council and staff priority for time and resources. Parents and staff are also involved in the Assessment, Food and Nutrition, and Parent Partnership initiatives. Teaching critical thinking skills and behaviors is a priority and the foundation of our curriculum. Copies of the Options Design for Learning II is available at our school office.
