Mission Statement:

McKenny is dedicated to the development of a caring, joyful, and responsible learning community, where everyone is both a learner and a teacher.

ABOUT OUR SCHOOL:

Margaret McKenny Elementary was built in southeast Olympia, in the middle of a field filled with yellow scotch broom and hawks nesting in trees. Thus, the HAWKS became the perfect McKenny mascot.

Architecturally, the building is designed into three pods of 19 classrooms. Grade level teachers and support staff work together to provide the best possible learning environment for all of our children, preschool through grade 5. McKenny Elementary welcomes parent and community volunteers to assist in all aspects of our educational and co-curricular day. The facility is used daily by community groups such as, YMCA, Olympia Parks and Recreation, Boy Scouts, Campfire Girls, PTO and neighborhood associations.

Our School Improvement Plan:

The McKenny Elementary School Improvement Plan consists of goals and strategies that specifically target reading, math and integration of our science/technology curriculum in collaboration with our "Mission to Planet Earth" Intel Grant. These goals were developed based on state, district and classroom assessment data. For the 2005-2006 school year we are focusing on:

- The integration and development of District adopted FOSS science kits incorporating reading, writing, math, the arts and technology in to our teaching and learning opportunities for students and staff.
- Assessing current math instructional strategies - with a specific focus on measurement and math fact - to provide more direct and purposeful instruction based on state Grade Level Expectations.
- Refining our first grade reading curriculum and assessment practices to reflect current research and best practices.

All staff members have been actively involved in staff development and collaboration related to our goal. We are purposefully working to improve teaching and learning opportunities for all students.
