ONLINE FINE ART CLASSES FOR STUDENTS THIS FALL!

Art For Kids School is an established after-school multimedia fine art program with a 35-year history of teaching fine art to children. With so much change in these kids' lives, we are excited to offer ONLINE FINE ART CLASSES!

Our Philosophy

All children have an innate ability to be creative. **The creation of art is a process whereby there are no mistakes.** All seeming mistakes can be changed into a desirable result. Their growing confidence ripples back into their classroom experience and in the way they relate with other children and adults. It truly changes them and the way they view their world in a very positive way.

Our Curriculum

The school's curriculum is designed by CEO Dolly Meymand to be **process-oriented, so projects are never duplicated.** The emphasis is on developing drawing skills, color theory, techniques of painting- all in various media. Contour, as well as landscape, wildlife, and some figurative art.

Session Length

Classes are taught by a degreed, professional artist. Our program has 2 semesters during the school year. Each semester is 15-16 weeks long. Each class is 1 hour and 15 minutes and once a week. Classes are broken up into K-3rd, 4th-5th, and 6th-8th Grades.
