
FIELD TRIPS AND EXCURSIONS

Field trips are defined as travel away from school premises, under the supervision of a teacher, with an approved course of study, for the purpose of affording students a direct learning experience not available in the classroom. The following procedures apply:

FIELD TRIPS

- A. The staff member will submit a completed field trip request form and “Field Trip Check List” to the principal at least two weeks prior to the field trip.
- B. The staff member will submit a list of students participating in a field trip, excursion or outdoor education experience to the school nurse at least two weeks prior to the trip. If a participating student has a documented “Life Threatening Condition”, a three-week notice must be given to the nurse in order that, if necessary, special accommodations can be made. Teachers needing training in the administration of medication must request training when lists are submitted.
- C. The staff member will contact the site to make specific arrangements for the field trip so that the desired activity can be coordinated with the classroom studies.
- D. The staff member will be responsible for securing additional adult supervision for the trip (one adult to a maximum of ten students for day trips). Adult supervisors must be at least 21 years of age, and a district employee or approved volunteer.
- E. If private vehicles are used, forms must be completed which acknowledge the name of the driver of each vehicle to be used. The principal will contact the District office to determine if the District’s liability insurance coverage will protect the driver.
- F. Each student participating in a field trip must first return a permission slip signed by his/her parent. Parents will be informed if private vehicles are to be used for the field trip.
- G. A letter of appreciation should be sent to the site host upon completion of the field trip.

OUTDOOR EDUCATION

If contests are scheduled so as a two-week prior notice cannot be given, exceptions may be made on a case-by-case basis. However, all athletic and music staff should anticipate unscheduled events and receive training in the administration of medication prior to the first day of school. It is the responsibility of the Site Athletic Director and Site Music Director to provide the school nurse with a list of participating students who may, at any time during the season or semester take part in activities away from school prior to the first day of that season or semester.
