

# 2410F-1 High School Graduation Requirements

## Documentation for Students Choosing a Third Credit of Math Other Than Algebra 2

File with the student's permanent record

Parent or Guardian Name \_\_\_\_\_

Student Name \_\_\_\_\_

Graduating Year of Student \_\_\_\_\_

I have met with \_\_\_\_\_ to discuss the option of my student  
(advisor/school counselor/administrator)  
taking the following course, \_\_\_\_\_. This course replaces  
Algebra 2 in order to meet the third math credit graduation requirement for students in the  
graduating class of 2013 and beyond.

I understand that students may choose a math course other than Algebra 2 if another course better  
meets their education and career goals, as identified in their high school and beyond plan.

We understand the math admission requirements for two- and four-year colleges, and for credit-  
bearing math courses at both types of institutions, including the potentially negative impact that  
this decision may have on the student's future educational and employment options.
